

TEEI
Child Abuse Prevention & Detection

As an educator in the community and one who has consistent contact with children, I understand that I am obligated to report circumstances of child abuse. I understand that child abuse can take the form of neglect or emotional, physical, psychological, and sexual acts inappropriate, demeaning, or dangerous to a minor.

If you suspect that a child is being abused or neglected, you should call your local Child Protective Services (CPS) agency or the CPS agency in Pennsylvania listed below. Here is the toll free number to call in Pennsylvania
